

Looking for **Workers?**

The Edina Student Employment Pool is a service offered through a partnership between Edina Chamber of Commerce and Edina Community Education Services which is part of Edina Public Schools.

This is how it works. Employers post openings with the employment pool and the listings are distributed to interested Edina High School students and college students that contact the Edina Student Employment Pool. It is a quick and inexpensive link to tap into a great labor market and at the same time, help our students.

When listing jobs, please provide the following information:

- business type
- contact person
- business address, phone and email
- description of the job
- hours per week
- range of pay
- qualifications
- how long do you want this listing posted
- any other pertinent information

To list a job, send an email to:
comedu@edina.k12.mn.us
